

# Dance Fun(damentals)

## Beginning Dance Classes for Ages 6-8

**Dance Fundamental** classes provide a necessary stepping stone from DancingBees and "Mini" dance classes to technique classes. Students will focus more closely on specific technical skills and begin to learn about class etiquette and work ethic. With positive feedback and support mixed with a fun and playful learning atmosphere, students will begin to mature as young dancers.

### **Dance Fundamental classes will help your student:**

- Build a strong dance foundation. Through the use of pre-ballet, jazz, and creative movement classes students will learn the basic vocabulary and fundamental steps necessary to progress in the different forms of dance.
- Gain an understanding of respectful class etiquette. Students will learn what the expectations of classroom behavior is for a dance technique class.
- Find their own artistry. Through play and creative exercises, dancers will use their technical knowledge to explore their own movement, musicality and expression.
- Discover their own work ethic. Students will begin to learn how to work hard in class and enjoy the intrinsic rewards that follow.
